- **Clean faster - easier - safer!**
- **Eliminate swirls and scratches!**
- **Dries 10 times faster than regular rags.**
- **Absorbs dirt and moisture away from surface.**
- **Use wet or dry to clean vehicle.**

One strand of the Ultra-Microfiber is several hundred times smaller than a fine strand of cotton fiber.

The fibers are lint free and non-abrasive. Traditional cloths do not pick up dirt particles because of the rounded surface of the fibers. *They simply push the dirt around!*

The hypo-allergenic, non-abrasive wedge shaped microfiber scoop, lift and trap dirt, dust, grime and moisture without scratching.
